QUALIFICATIONS

To perform this job successfully, an individual must be able to perform each essential duty satisfactorily. The requirements listed below are representative of the knowledge, skill, and/or ability required. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

- Demonstrated mastery of Drupal sitebuilding, particularly in D7. Demonstrated fluency in views, user roles, features, module selection and configuration, various theming frameworks, organic groups, workflow management
- Exposure to or experience with Drupal 8
- Understanding of security and accessibility best practices in Drupal
- Comfortable working with PHP and database components of Drupal
- Comfortable with standard code and platform management tools including git and Docker
- Familiarity with Agile development processes and conventions
- Experience with public sector or scientific work is a plus
- Excellent organizational and time management skills; strong, effective problem-solving skills.
- Low-key, no-drama work style

PROJECTS

As a member of Squishymedia's Drupal developer team you'll be focused on a rotating set of Drupal builds, maintenance projects and expansions, and will frequently be a part of a team working on efforts where a significant application requirement is present. Projects will include, but are not limited to:

- Drupal sites to support community engagement and information dissemination on healthcare and educational topics
- Drupal used as a platform for conducting clinical studies
- Periodic work maintaining existing Drupal-based sites

EDUCATION and/or EXPERIENCE

Bachelor's Degree or equivalent experience; demonstrated ability to produce quality sites in Drupal, as evidenced by links and/or Github repos or other examples of work; demonstrated experience delivering projects on time and on budget while maintaining effective working relationships with the team.

Apply by sending your CV/resume and Github link (or other URLs) to wannawork@squishymedia.com.
